Welcome

Things To Do: Portland

The following book is the result of a collaborative project from the How to Git workshop at Write the Docs Portland. Participants in the class used a Fork and Pull workflow to generate content for this GitBook-based documentation.

How to Contribute

1. Fork the `wtd-things` repository here
2. Create a branch on your forked version of the repository
3. On your branch, perform the following:
    - Create a markdown file in the `/book` folder, for example: `place-name.md`
    - Add content about the place you are suggesting, items to include could be:
        - Address / Directions link
        - Hours of Operation
        - Description of the place
        - Your suggestion for either things to do, eat, or drink there
4. Modify the `/book/SUMMARY.md` file by adding a line under the `Places to Visit` or `Places to Eat or Drink` and add a link to your content the the following example:
    - `* [Rogue Farms](rogue-farms.md)`
    - Create a Pull Request against the `beardofedu/wtd-things` repository.

Rogue Farms

3590 Wigrich Rd, Independence, OR 97351 Google Map Directions

Hours of Operation

Day	Hours
Monday	Closed
Tuesday	Closed
Wednesday	11a - 6p
Thursday	11a - 6p
Friday	11a - 6p
Satday	11a - 6p
Sunday	11a - 6p

beardofedu Suggestions

- Go on a Saturday or during one of their scheduled events
- Try a :beer: or maybe :beers:
